INNER CITY VISIONS MY STORY - MY MISSION

EMPOWERING INNER CITY STUDENTS

Hello,

As the son of a disabled veteran, who grew up in a poor inner city, rent-subsidized housing projects of Passaic, New Jersey I learned discipline and struggle early on in life.

Both of which served as the foundation of who I am today, but more importantly helps me focus on my mission to help others!

At Inner-City Visions, we are dedicated to supporting inner-city students by providing access to higher education, entrepreneurship opportunities, and programs that empower them to succeed both academically and professionally.

Our mission is to offer resources, mentorship, and education tailored to the needs of inner-city youth. Through initiatives such as scholarships, mentorship programs, and workshops, we aim to help these students reach their full potential and create brighter futures.

We are eager to partner with state agencies, local governments, and nonprofit organizations that share our vision of opening doors of opportunity for inner-city students and their communities. Together, we can develop and support DEI work-study programs and trade school training in collaboration with our clients and community partners.

For inquiries or to be a part of Inner-City Visions, please contact me:

 Phone: 551-206-4462

 LinkedIn: Inner-City Visions

Thank you for considering a partnership with us in this important mission. I look forward to the possibility of working together to make a positive impact on the lives of inner-city students and their communities.

Best regards, Ed Andrascik Founder, Inner-City Visions
